Dear Frederick,

Re: Appeal of New Warning Texts in Sweden

Please find enclosed the translation of our brief of July 1, 1985 to the Government regarding the scientific part of the warning texts.

We will also forward the translation of the brief filed with the Government on July 12, 1985 together with a translation of assistant professor Axberger's opinion.

We have further sent the first draft of a letter from the tobacco industry to the Swedish Justitieombudsman to Mr Jan-Erik Grönlund. A translation of this letter will also be forwarded to you.

Best regards,
